# DIGNITY CLOTHING FOR LOVED ONES

## ADAPTIVE CLOTHING

Sestra care offers adaptive clothing and accessories for your loved ones in care and with special needs.

Individuals living with disability, in a short, or long-term care home, nursing home, or hospital environment.

Individuals with fragile skin, affected by diseases causing a decline in motor skills, or with restricted mobility.

Care Professionals who require safer, simpler methods of dressing their patients, to prevent bruising, skin tears, and/or work injuries.

DIGNITY CLOTHING | PROTECT THE FRAIL SKIN | INDUSTRIAL WASHING | LABELLING THE SHIRTS

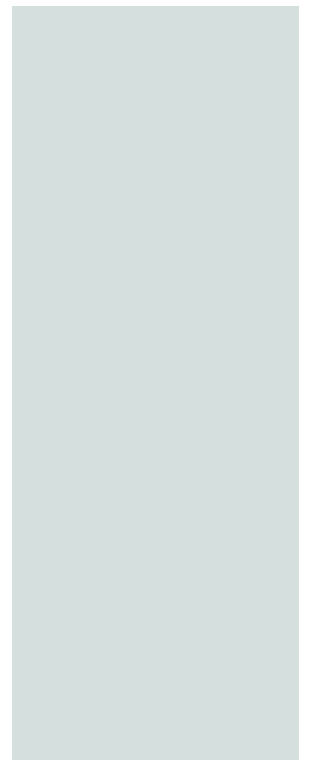

# Clothing with dignity

We enable women and men to continue to live in comfort and dignity whilst they still require care.

Our entire product range is specifically designed for those adapting to new lifestyle needs.

Our shirts are dryer and industrial washing machine friendly. We have eliminated the need for any studs, buttons, straps or zips – items that may cause skin and body injuries and are hard to maintain.

We have chosen to print a label on the inside of the garment that can have a name written with a permanent marker for easy identification. The colour and design of our apparel shirt provides an opportunity to be worn 24/7 and can be dressed up or down, without looking like a night shirt.

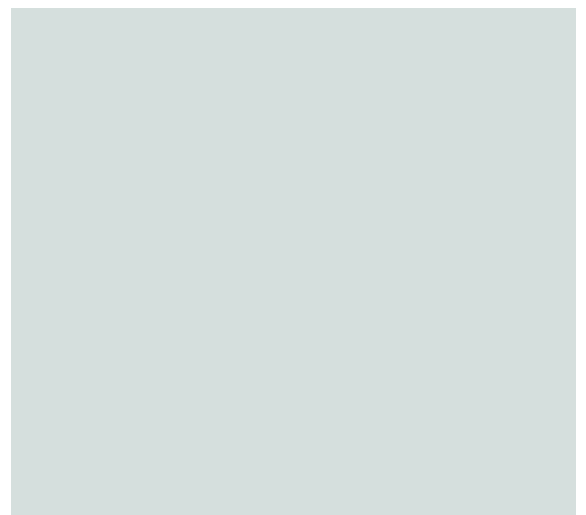

# Bibs for adults

Washable. Reusable and Waterproof, with an optional Crumb Catcher.

Sestra care Adult Bibs provide a simple and practical solution to protect clothing during mealtimes.

Our waterproof fabric bibs promote dignity, inclusion and support. This helps to provide a comfortable dining experience for the less able individuals in a home or care environment.

# Sippy cup lids for adults

Stretchable and colourful lids.  
Available in 5 colors (red, green, blue,  
yellow and orange).

## Sippy cup lid features:

- Enables you to drink without fully sitting up
- Ideal for individual who have difficulties with tilting their head back to drink.
- Great for anyone with decreased hand and fingers strength and reduced dexterity.
- Attractive and functional for most cups of your choice.
- No spillage with a lid on if the cup is accidentally knocked over.
- Drinks are covered. Protected from dust, insects
- Our lids go over the top of your drink, sealing it tight.
- Insert a straw (not included) and you are good to go.
- Fits over soda cans and glass, plastic or metal cups.
